

# Finnish Cleantech Cluster Proudly Presents San Francisco 9th August San Diego 11th August, 2011

Global Cleantech Cluster Association (GCCA) California Cleantech Collaboration  
Highlighting two of the US most active Cleantech Cities  
San Francisco and San Diego

GCCA and the Finnish Cleantech Cluster in partnership with the Metso, Grant Thornton, swisscleantech, and others, are hosting a two day targeted business exchange on August 9, 2011 in San Francisco and August 11, 2011 in San Diego. Both days will be filled with introductions of the Finnish Cleantech companies as well as global cleantech partners and one-on-one meetings.

Purpose: Bring together clean technology companies from around the world to meet with utilities, vendors, and corporations involved in the cleantech sector.
